Adjacent to the Coblanca urbanization in Benidorm, it is made up of 9 single-family villas, each with its own garden with native plants, outdoor pool and sun terrace, to make the most of the Mediterranean lifestyle. It is a very special development, with perimeter security and its own night security guard, which makes it unique in the area. The villas are distributed over two floors plus the basement floor and sun terrace. The basement floor has independent access from the outside via a convenient staircase. In addition, it has an accessible interior garden, which provides natural light and fresh air to the rooms. The private gardens of the NOA Garden villas always look immaculate thanks to the garden maintenance service, provided to the residents on a regular basis throughout the year. The exclusive community services also include the maintenance and periodic cleaning of swimming pools and small home repairs that the residents may need on a da...
